LAUNCH YOUR CUSTOM MAGENTO SITE WITH COOLBLUEWEB'S BASE SOLUTION

Starting at $35k for Magento Enterprise or Cloud Edition

Our base solution focuses on launching an initial version of your custom Magento Enterprise eCommerce store as quickly as possible with the most critical components for success. This method ensures your project will achieve the most value for your budget.

How coolblueweb's Base Solution Works

Our solution includes key requirements for building a successful eCommerce website. These elements serve as a starting point for your project and are time boxed for efficiency. Additional features and customizations can be included with extra time blocks. As a full-service agency, we work with you to understand your goals, build the right features and integrations for your initial launch, and strategize your store's next opportunities.
